MIDDLEBURG.

A child of William Deik died Friday of pneumonia and scarlet fever. Interment in Middleburg cemetery.

Mr. John Bonta, who has been associated with J. C. Coulter in the stove business, died at his home near Paulsboro last week.

Misses Lizzie and Rubie Fogle were in Danville Saturday shopping. Mr. Richard Sharp has moved to Moreland, where he has taken charge of the Peyton Hotel.

J. A. Hammonds & Co., of Hubble, and the peddlers throughout the county have bought the larger part of Casey's turkey crop; the price paid being but 5 cents.

Rev. Eugene Saltee, of McKinney, closed a protracted meeting at New Salem Baptist church last week, resulting in 50 odd additions, of which 44 were by baptism.

The first snow of the season fell here Thursday night, covering the ground to the depth of half an inch. This was the first snow the writer has seen on the ground since March '99.

Rev. L. R. Godbey had a very sick child, but is better now. The other sick are convalescing. The doctors report several cases of scarlet fever in the county. But one death has resulted from the malady to date.

Most of the schools of the county have closed or will do so Friday. The public school here will close Friday. Mr. W. C. Bryant commenced his school Monday in the Sand Knob district near Junction City. A new school house has just been completed, which explains his lateness in commencing. Should Mr. B. get in full time, his school will be out in time to commence again next school year.

While out with a lantern fox hunting a few nights ago, Mr. John Lanham, Sr., and William Lanham heard something coming through the bushes like a fox. When the lantern was presented full force to Reynard he came bounding up to the men, they striking him over. The full rays of the lantern were again turned on him when he came rushing back, going between the legs of William Lanham, and disappearing into the darkness. This is only another instance of the power of light, though we are quite sure this sequel hasn't a parallel in the sport, as the fox is considered as wild as he is fleet of foot.

Willie, the seven-year-old son of A. H. Royalty, suffered a painful accident while at school Wednesday morning, falling from the top of the college stairway, lighting on his face, breaking his lower jaw bone and receiving other injuries. The boy, who is exceedingly bright, is in a precarious condition. He is not allowed to speak and it is with some pain and inconvenience that he takes nourishment and medicine. He has paper and pencil lying by side by which he writes and makes known his wishes. He wrote telling how he fell, saying that he had one foot over the banister and had a violent spell of coughing, losing his balance.

Two years ago Tuesday we were at Port Said, Egypt, which is at the Northern entrance of the great Suez Canal. From Dec. 2, the date we left Gibraltar, to the 10th, we coasted along the Barbary States of North Africa on the Mediterranean Sea. Dec. 6 brought us to Malta, which is a British port, on a small island of the same name off the Southern coast of Sicily. Mt. Etna, on the latter island, and one of the highest volcanic peaks in Europe, was plainly visible. It was on this island of Malta that the Apostle Paul was shipwrecked on his way to Rome, tho' the Bible (Acts 27 and 28 chapter) give the name of the island as Melita.

The following dispatch is sent from Middleburg: Miss Carey Prior, aged 66, of Hambright, Tenn., eloped with Tilman Watson, aged 22. Watson's father was notified of the escapade, and, pursuing the couple on horseback, he reached the home of a preacher where the marriage was to take place just previous to the tying of the nuptial knot. The man at once put a stop to the proceedings. The couple say that it is an affair of the heart, and they will marry in spite of parental objections. The lady has money.

At the Veranda Hotel this A. M. Miss Mary Saunders, of this place, and Mr. John J. Cornelson, of Lexington, were pronounced husband and wife by Rev. J. W. Hagin. The bride is the pretty and lovable daughter of Mr. W. T. Saunders and is a most excellent young lady. Mr. Cornelson is to be congratulated on winning the heart of so splendid a young woman and that she will prove a helpmeet food and true, we have every reason to believe. The groom is a well-known business man of Lexington. He met Miss Saunders when he traveled this territory for Curry, Tunis & Norwood and it was a case of love at first sight. They have been lovers since and we trust they will continue to be as long as life lasts. Mr. and Mrs. Cornelson will make their home in Lexington.

Mr. Roger Cornelson, brother of the groom, and Miss Suse Saunders, sister of the bride, and Miss Ella May Saunders, a cousin, stood with the happy couple during the ceremony. The pair drove at once to Danville, where they will take dinner and later go to Lexington. The bride was handsomely attired in a brown suit with hat to match.

LANCASTER.

"Pony" Beazley bought of G. T. Gallagher, of Bryant'sville, 30 hogs at 5c for January delivery.

According to information received from towns in which the Harris-Parkinson Repertoire Company have played, it is an excellent show.

It has been suggested that Paint Lick be made an incorporated town. This is an excellent move and we trust will be pushed to a finish.

Lancaster would have had the honor of having the Richmond Elks bring their minstrel show here on the 20th, had not that date already been engaged for another entertainment.

The Christian Endeavor had a very interesting meeting Sunday evening, with Dr. W. S. Beazley as leader. There will be no prayer meeting at the various churches this week on account of revival services at the local Baptist church.

At 2 o'clock this afternoon, the ladies of the Presbyterian church will open a bazaar in the Odd Fellows' Hall. Home-made candy and all sorts of fancy and useful articles are to be had. Everybody invited. Verily a good place to buy your Xmas presents. Doors will close at 9 P. M.

The bridge at Paint Lick, which was to have been ready for use by Nov. 1, has not yet arrived and the good people of that section are being put to no end of inconvenience by this failure to comply with the contract on the part of the company. Every effort is being made to rush matters up and it is thought the bridge will soon be in place.

The Baptists are having a really good and interesting revival. The excellent pastor, Rev. Wolford, assisted by Rev. THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

"I DON'T see how they can defeat Gov. McCreary for Senator," said one of the State officers to the INTERIOR JOURNAL the other day, "but from what I can learn Dave Smith thinks he is very much in the race. Wheeler's friends are the loudest talkers when they come to the capital, but I see little cause for the hope there is in them," he added. "What about Judge Cantrill?" we asked: "Oh! the judge has strength in many places and he may prove a big factor in the fight, but as I said before it looks mighty bright for the gentleman from Madison. Certainly the people of the State are for Mr. McCreary," said he.

TURNCOATS can have some idea how they are regarded, by the perusal of this dispatch from Washington: The democrats of the Senate have repudiated McLaughlin, of South Carolina, and refuse to take care of him on their portion of the committee. The republicans have thrown Wellington, of Maryland, overboard, and so there you are. Neither side is particularly pleased with the exchange, and the whole Senate will rejoice when McLaughlin and Wellington retire to the shades of private life.

BERRY HOWARD, who was arrested Saturday at Pineville for conspiracy in the assassination of Gov. Goebel, represented Harlan, Perry, Bell and Leslie counties in the Legislature of 1891-2-3 and served with Mr. Goebel. He was elected as a democrat. He is 45 years old and says he is in jail for his first time and that he has never been connected with a feud. He claims that he is innocent and says that he has always been ready to surrender on the assurance that he would be allowed bail.

SENATOR HOAR'S suggestion of an isolated island to which the anarchists of the world should be banished, is a happy one, and should be accepted by all nations in common, says an exchange. We suggest Dry Tortugas as being a splendid place for the bloody and blood-thirsty scoundrels; that is if they can't be driven off the earth entirely.

THERE is one man who thinks President Roosevelt's message is all right. It is School Superintendent Kendall, of Indianapolis, who has instructed eighth grade and high grade school teachers to insist upon students reading it. He considers a close perusal of the document a good opportunity for the study of current history, civics and English.

MCKENZIE MOSS is in Washington to prosecute his contest for Congress man John Rhea's seat. If the republicans were short of a good working majority Mr. Rhea might be in danger, but as the House is overwhelmingly republican the Logan county statesman need feel no uneasiness.

WE are glad that Berry Howard is at last under arrest for conspiracy in the murder of Gov. Goebel, but it is a shame to the State and her peace officers that he had not been landed behind the bars some two years ago.

RHODE ISLAND, not much larger than Lincoln county, has 700 divorce cases on her court docket. The married people in that State who are not seeking separation are evidently the rule and not the exception.

It is said the object of Richard Croker's announced visit to West Baden Springs is to meet Southern and Western politicians and to discuss the future welfare of the democratic party from a National standpoint.

The Richmond Elks want Gov. James B. McCreary to appear in blackface at their minstrel performance, Dec. 19th. He will, of course, not be seen, but before the race for Senator is over his opponents will be black enough in the face. He'll run them to death.—Cynthiana Democrat.

THE will of Mrs. Col. T. P. Hill was probated yesterday. It leaves her entire estate, worth about \$20,000, to her husband and makes him executor without bond. UNIQUE TICKET.—Judge Sauley has always got a vein of humor in his make-up, and it displayed itself in a very unique manner the other day when he was asked for a ticket to the hanging of Quinn. The law requires him to delegate 10 witnesses to the execution and a certain Danville man, being cognizant of this fact, asked him for a ticket to it. With his usual levity, when off the bench, the judge gave the ticket which reads: "Admit Mr. — to the hanging of Reuben Quinn. If said Quinn is not hung, hang the bearer."—Danville News.
STANFORD does not intend to be behind the procession in the matter of enterprise. It has been the fixed opinion of many conservative people that oil and gas can be found in paying quantities in this locality and that it was only a question of time until the fact would be tested and the field developed. We are glad that this work has been undertaken by our own citizens and by men of known and approved business methods. Messrs. J. H. McAlister, S. P. Stagg, G. B. Cooper, J. T. Embury and H. Helm have associated themselves together and formed "The Stanford Oil, Gas & Developing Co.," with J. H. McAlister, president; S. P. Stagg, treasurer, and Geo. B. Cooper, secretary. The traditions, surface indications, rock formations and the fact that both oil and gas have been found in no inconsiderable quantities in the county superinduce and warrant the belief that their efforts will be successful. It is an enterprise in which every person in the vicinity should give all the assistance possible, because if it should be demonstrated that there is either oil or gas here in paying quantities it will redound to the material advancement of the entire community. The capital stock of the company is \$4,000, divided into 400 shares of \$10 each. The private property of the stockholder is not liable for the company's debts, furthermore the stock is non-assessable. The company has secured a number of leases close to the water works, where salt water and gas, the concomitants of oil, have been found. The stock is being taken rapidly and the company will begin drilling in the immediate future. We feel fully justified in stating that every stockholder may feel assured that the money of the company will be spent honestly.
